

Viatrax Telematics for Restroom Trailers

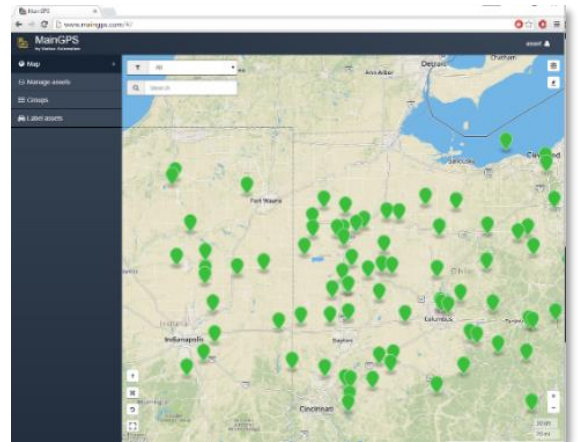

*Keep track of your Restroom Trailers...
... for only a few dollars a month.*

Benefits:

- Know the location of every restroom trailer in your fleet 24/7/365.
- Use one map to assess the location of your entire fleet.
- Set up multiple geographic zones (geozones) and receive alerts if any of your restroom trailers enter or exit these zones.
- Monitor and control your trailer from your phone, tablet, or computer.
- Receive text/email alerts for any undesired activity.

Functionality:

- Monitor and receive alerts for:
 - GPS location
 - Geozones entry and exit
 - Black water level
 - Fresh water level
 - Shore power
 - Inside temperature
 - Security
 - Local Weather
- Control:
 - Lights
 - Air conditioning
 - Heater
 - Water heater
 - Trailer power
 - Etc.

Size 3.875" x 2.25" x 1"

Ease of use:

- We setup your online account.
- We add all of your devices to your online account.
- We will setup desired geozones and alerts for you. (these are fully editable anytime you choose)

Simple installation:

- About the size of a small deck of cards, the device is easily installed pretty much anywhere on your trailers.
